

ST. ARNOLD'S SCHOOL, ENG. MED. GODHRA

BLOOD DONATION CAMP

16th January 2015 will be carved in Golden letters in the annals of St. Arnold's School (Eng. Med.) Godhra. Why? For the first time in the history of St. Arnold's School, a Voluntary Blood Donation Camp was organized to mark the feast day of St. Arnold Janssen, our school patron. It was organized in collaboration with GODHRA NAGRIK RAKTADAN SAMITI from 8.00 am. to 1.00 p.m. in St. Arnold's School, Godhra.

Prior to the Blood Donation, a short felicitation Programme was organized for the Fathers and Brothers working in the School. Dr. Shevani, head of the Raktadan Kendra highlighted the benefits of voluntary Blood Donation.

Fr. Adaikalasamy, SVD from Muvalia, Dahod, and Chief Guest for the day appreciated the commendable work done by the school and called upon the people to support the school in this noble act. He officially inaugurated the Blood Donation Camp by cutting the ribbon. A large number of parents and staff members positively responded for this noble cause and donated their Blood paying debt towards the country and showed great affinity to our countrymen. The programme was unusual and different from school academic activities therefore it took everybody by surprise and was highly applauded.

Fr. Philsam Principal of St. Arnold's Eng. Med. along with staff actively participated in this noble event and made the Blood donation Camp a huge success. In the end Fr. Philsam thanked everybody those who supported the cause and urged the people to come forward in support for such programmes through which we can serve the humanity. Thus St. Arnold's School made a history in Godhra which will be remembered down the years.
